

EWEN'S BIG LOSS.

His Hotel at Jackson, Ky., Burned Entailing a Loss of \$10,000; His All

THE FAMILY AND GUESTS ESCAPED

He Was a Witness Against Jett and White on Trial For the Murder of Marcum.

Insurance on the Property Had Been Cancelled Last Week, Lawlessness Making Insurance Companies Unwilling to Carry It.

Lexington, Ky., June 15.—The City hotel at Jackson, Ky., a three-story building owned by Capt. B. J. Ewen, the main witness against Jett and White, now on trial for the assassination of Lawyer J. B. Marcum, was burned to the ground early Sunday morning. There were 15 guests in the hotel, but all escaped without injury. The hotel, together with its furnishings and the effects of the guests, is a total loss. The origin of the fire is unknown, but the belief is generally that the fire was of incendiary origin. The insurance on Ewen's property had been cancelled last week, the state of lawlessness making insurance companies unwilling to longer hold the risk. The building had recently been completed and his loss of \$10,000 represents his all.

He and his wife and nine children are left homeless and almost penniless. The disaster struck terror to his heart and he has feared to leave the protection of the court, believing that his assassination will be attempted if opportunity is offered. His family are with neighbors.

Capt. Ewen had recently put up an addition to the hotel. This was just completed and was yet unoccupied. It was in this part of the hotel that the fire was discovered. The town of Jackson has no fire department and when its citizens were aroused by the firing of pistols and guns, much excitement prevailed. A detachment of militia came on the double quick from their camp across the river and rendered valuable aid in assisting the guests to escape and preventing the flames from spreading.

Smoke was discovered issuing from the unfurnished portion of Ewen's hotel at 6 o'clock. It originated in an unfinished room on the third floor. No fire has been in it and it was too remote from the kitchen chimney for a flying spark to have caused the fire. Guests at the hotel and members of Capt. Ewen's family were asleep when the alarm was sounded and had to escape in haste, half dressed and leaving clothing and belongings to be consumed. Clothing had to be furnished by neighbors and only a few pieces of furniture were saved. Despite efforts to extinguish the flames, they did not surrender until there was nothing left to burn, only the tall chimney and a heap of ashes marking the site of the building. What soldiers could be spared went to the fire and worked heroically to save the hotel and when this became a hopeless undertaking devoted themselves to adjoining property. It was feared to send any of the men on regular duty, as it was suspected that a rush on the jail or camp might have been planned and that the fire was expected to draw the soldiers from the jail and locality.

It was found that rain barrels around the hotel, which afforded its chief fire protection, were overturned by the incendiaries before the torch was applied. At one time the whole south section of the town seemed to be threatened and only hard work prevented a spread.

Two cloth balls dipped in tar and kerosene were found near the ruins of the hotel.

TWO MEN ARRESTED.

It is Alleged They Were Seen to Leave the Hotel a Moment Before the Fire.

Jackson, Ky., June 15.—Gray Hadix, a near neighbor to Ewen, said he saw two men leave the hotel a moment before the fire, but said he did not know them. He is a defense witness in the trials now in progress and it was decided by the soldiers to retain him in the belief that he may know more than he has told. Thorp and Crawford, the men under arrest, are teamsters who work for Judge Hargis.

Maj. Allen was informed that they were seen crossing the bridge near Ewen's home just about the time the fire was discovered. They were arrested at noon. On close questioning they made conflicting statements but denied having crossed the bridge until after the fire was in progress. Oneal and Golden, counsel for Jett and White, demanded the immediate release of the men.

Maj. Allen refused and they immediately began habeas corpus proceedings before Judge Redwine. The motion was argued at 5 o'clock. The attorneys argued that the troops had no police power, that the men were illegally held, urging that they be turned over to Sheriff Callahan. Judge Redwine announced that instead he would give the men an examining trial Monday morning and fixed their bonds at \$3,000. The attorneys vainly tried to have this reduced. Oneal announced that Judge Hargis and Sheriff Callahan would sign the bonds. Later, however, they were advised that this course might put them in an ugly light and the bonds were withheld and the men remanded to the custody of the troops.

SAVED FROM WATERY GRAVE.

Twelve Young Men Thrown Into the Licking River.

Newport, Ky., June 15.—Heroism displayed by the owner of a shanty boat, which lies on the Licking river at Austinburg, a mile above the mouth of that stream, saved the lives of a number of men Sunday.

A yawl loaded to the gunwales with 12 young men were passing up the stream when it was capsized. At that moment John Albers, who lives in a shanty boat with a companion, threw two flatboats into the water and rowed for the drowning men.

Albers and his companions picked up several of the men, two of whom were going down for the last time. All were finally saved with the assistance of J. W. Vester, who was in a launch passing at the time.

Two of the men were in such a condition and had swallowed so much water that heroic treatment had to be resorted to, and after being rolled over barrels and kneaded for over an hour they were resuscitated.

A NEW SOVEREIGN.

Senators and Deputies Resolved to Elect Prince Kara-Georgevitch King of Servia.

QUIET PREVAILS AT THE CAPITAL.

The Constitution Voted by the Great National Assembly in 1888 Will Be Put in Force.

The New Monarch Declared That the Nation Ought to Avenge the Crime of the Assassination of the King and Queen.

Belgrade, June 15.—At a conference of senators and deputies held here late Sunday night it was unanimously resolved that the constitution voted by the great national assembly in 1888 should be put into force and that Prince Peter Kara-georgevitch should be unanimously elected king at Monday's joint meeting of the skupstina and senate. After the election of a deputation of the assembly will be sent to wait upon Prince Peter and communicate to him the decision of the national assembly.

The Servian constitution of 1888 was a more liberal one than any granted previously and provided that all tax-paying citizens should become electors by whose votes the skupstina was elected. It continued in force until May, 1894, when the late King Alexander by a coup d'etat abolished it and restored the illiberal constitution of 1869.

Complete order has prevailed in Belgrade up to 11 o'clock Sunday night and absolute quiet is reported throughout Servia. The capital wears a much more peaceful aspect even than Saturday. The military have been withdrawn from the public offices and only a few sentries are now guarding the royal palace. Only occasional patrols are seen in the streets which throughout the day have borne an animated appearance, being crowded with officers, ladies and large numbers of students who have arrived from abroad, it is believed, with the object of demonstrating in favor of Prince Peter Kara-Georgevitch as king. Some republican tendencies are noticeable among the students who have studied in France and Switzerland; these latter, however, are quite overshadowed by the opinion of the majority.

Peter Velimirovitch, one of the oldest and most prominent members of the radical party and a former minister of state, has been appointed president of the senate in succession to M. Marinkovitch, who has resigned.

After the election of the king Monday, the skupstina will draw up a program of procedure for the new sovereign, and will then adjourn until the arrival of the king at Belgrade. The sovereign will then form a new ministry and dissolve the skupstina.

Prince Kara-Georgevitch, although little is known of him among the people generally here, seems to have caught the public fancy and his election will be a popular one.

Lieut. Col. Milislav Zivanovich, of the general staff, committed suicide by shooting himself on Friday. It is understood that the officer took his life because among the late king's papers was found a letter from Zivanovich informing him of the plot against his life. The newspapers, however, attempt to make out the suicide to be the result of money troubles.

London, June 15.—The Geneva correspondent of the Daily Express asserts that Prince Kara-Georgevitch in an interview declared emphatically that the nation ought to avenge the crime of the assassination of the king and queen of Servia. "A king," he said, "who could receive a crown from the hands of assassins would be their accomplice."

Asked if he would punish the assassins he replied: "I have no power." To the question, "But when you are king?" Prince Peter gave answer, "that may never be."

French Like the Cuban Flag.

Paris, June 15.—Parisians are studying the newly hoisted Cuban flag over the legation of the youngest republic. As they dilate upon the white and blue bands and upon the red triangle with a white star praises of the United States are heard upon all sides.

Flag Day in San Juan.

San Juan, P. R., June 15.—The flag day celebration here broke the record, for there was a display of Americanism throughout Porto Rico. Fifteen hundred flags were carried by the pupils of the schools and there were patriotic exercises at the theater.

Madison, Wis., June 15.—Arthur F. Beule, a law student at the University of Wisconsin, was drowned while sailing on Lake Mendota. Arthur Curtis and Wallace Benedict nearly lost their lives in an attempt to rescue Beule.

SUNDAY SCHOOL CONVENTION.

The District Meeting at Mill Creek Church Sunday Afternoon Attended by a Large Crowd.

Mill Creek Church was crowded Sunday afternoon by the good people of that district, the occasion being the annual convention of the Sunday schools of Helena, Lewisburg, Mill Creek and Bernard, the latter being a new school, with a membership of about thirty. President Harrison presided.

Addressees were delivered by Prof. W. P. King, Prof. Gaither, Mrs. Abner Hord, Rev. R. E. Moss, Rev. Dr. Barbour and County President John Duley. The Maysville Orchestra, composed of Dr. Smoot, Dr. Barbour, Mr. Moss and Mr. Boyd Muse rendered several selections, and there were solos by Miss Edith Berry and Dr. Smoot, the music being an especially enjoyable feature of the program.

Officers were elected for next year as follows:

President—W. P. King.
Vice President—C. N. Bollinger.
Secretary—Charles Cook.
Treasurer—A. K. Marshall.

The following from this city were present: Dr. and Mrs. Smoot, Mr. and Mrs. Stanley Watson, Mrs. C. E. Geisel, Mrs. Raymond Brown, Miss Edith Berry, Miss Rosa Watson, Mr. and Mrs. J. T. Kackley, Dr. Barbour, Rev. R. E. Moss, Mr. Boyd Muse, Mr. John Duley, Miss Nattie Cooper, Miss Mamie Tolle, Mr. Harry Wells, Mr. Harlan Young and M. F. Marsh.

The union picnic for that district will probably be held at Cherry Grove on July 4th.

Saturday's Courier-Journal contained an excellent half-tone of Dr. Henry W. Ray, recently elected Great Chief of Records and Seal, by Kentucky Red Men.

Jos. Haley, Jeff Clayton, George Smith, Carrie Hester, Nat Geis, Dick Watts and Geo. McDonald were each taxed \$6.50 in the Police Court Saturday on charge of drunkenness.

W. D. Worthington, living near Mayslick, has forty-five acres of fine wheat this season, some of which will be ready for the reapers in a few days. The heads are large and are well filled.

The pupils of Miss Lida Berry, assisted by Miss Frances Geisel, elocutionist, and Master Louis Schatzmann, violinist, will give a recital at Miss Berry's home Tuesday evening, June 16th, at 8 o'clock.

Mr. Dimmitt Hutchins, who has been attending the Law School at Ann Arbor University, will spend the summer with his cousin, Mr. W. B. Phister, of Chicago, having been tendered a lucrative position there.

The Franklin County Fiscal Court last week sold \$100,000 worth of twenty-year 4 per cent. bonds to N. W. Harris & Co., of Chicago. The price paid was \$105,130. The bonds sold were \$77,000 worth authorized to pay turnpike improvement debts and \$23,000 refunded bonds at a lower rate of interest.

W. T. Wyatt, a negro school teacher of St. Clair County, Illinois, was refused a certificate on account of immoral conduct and he took a pistol and killed the County Superintendent. He was arrested and put in jail and a mob went to the building and took the man out and hung him, and built a fire under him into which his body was cast and completely consumed, after death by strangulation. The colored man is treated about the same, whether it be in Texas, Kentucky, Colorado, Kansas or Illinois.

THE HOTEL STRIKE.

No Progress Was Made Toward the Settlement of the Trouble Sunday.

ALL HOUSES OPEN FOR BUSINESS.

The Places of Strikers Are Being Filled as Fast as Help Can Be Imported.

Offers By the Hotel Keepers' Association to Submit the Controversy to Arbitration Are Still Spurned By the Men Out.

Chicago, June 15.—Although no progress was made Sunday towards settling the hotel and restaurant strike in Chicago, still there was noticeable improvements in the service offered at the different establishments where the employes have quit work. All the hotels were open for business, and with few exceptions succeeded in taking care of all guests that applied for accommodations. The places of the strikers are being filled as fast as help can be imported from outside cities and Sunday night several of the hotels announced that by Monday night they would have a full force of employes.

Offers by the Hotel Keepers' association to submit the controversy to arbitration are still spurned by the strikers and it was declared Sunday night that the work of closing up all the places where the proprietors refuse to sign the new scale will be continued Monday.

An effort was made Sunday by the strikers to have the steam power council call a sympathetic strike in all houses where the waiters are out of all the men belonging to the unions affiliated with that body. The request was refused. This means that the engineers, fireman and elevator men will remain at work and is a severe blow to the strikers.

In explaining the stand they have taken the members of the steam power council declare that the striking unions are unreasonable in their refusal to submit the difficulty to arbitration. In the hope that the striking unions could be made to change their tactics, the council appointed a committee to call on the joint board of strikers Monday and try to induce the latter to submit the whole trouble to arbitration. The committee will meet President Gompers, of the American Federation of Labor, who arrived here Monday morning, and ask him to use his influence with the strikers to bring about a peaceable adjustment of the trouble.

AMERICAN LABOR UNION.

A New Constitution Was Adopted at the Annual Convention.

Denver, Col., June 15.—It was announced Sunday the new constitution of the American Labor union, which was adopted just before the adjournment of the annual convention on Friday last, will be submitted to referendum vote in December.

The principal changes provided by the new constitution is the centralization of power in the executive board and will have the effect of reducing strikes to a minimum. Under this provision the power of declaring strikes is taken from the local unions and given to the board, and when a strike is called all affiliated unions called out must respond and immediately. An assessment of five cents per month per member for a permanent strike fund is one of the other important changes. This will give a fund of \$60,000 annually.

BUILDING TRADES' LOCKOUT.

Employers Threaten to Tie Up All Building Work in New York.

New York, June 15.—The members of the Building Trades Employers' association announced Sunday that not only would the present lockout continue, but also that other work would be stopped thus completely tying up all building work in the city unless the labor unions should consent to adopt the plan of arbitration to prevent future strikes which has been proposed by the employers.

The new condition of affairs came as a thunderbolt to the majority of the walking delegates, who had expected that about 50,000 out of the 120,000 men who had been out of employment since May 4, would be able to resume work Monday morning.

LET the cleaning out in Breathitt be thorough. The assassin should be taught that there is no safe place in Kentucky for him.

THE developments in Breathitt the past week leave no doubt as to the real assassins of J. B. Marcum. Jett and White were but the "tools." The real criminals should not be allowed to escape.

A COUNT OF NOSES

reveals the fact that the BULLETIN has a force of compositors sufficiently large to handle any reasonable number of changed advertisements see fit to make. There is a limit, however, in the amount of labor that can be expected of any man. Printers put in more hours than many other artisans that can be named, and in order to perform their tasks systematically, a rule has been adopted fixing the time beyond which no "change" copy will be received. All are, or should be, familiar with this schedule, since these facts have been published many times before. In spite of that, however, some persist in firing their announcements in "any old time." While it might be possible, occasionally, to serve these late comers, it would not be politic to make a precedent and extend favors to one that could afterwards justly be asked by another. A set of rules are of no account unless enforced, and in no other establishment is there more need of rigid enforcement than in a newspaper office.

PLAN BIG SHOW.

This Year's State Fair to Eclipse All Previous Efforts.

Premiums Aggregating \$20,000 Will be Awarded Successful Competitors in the Several Classes.

Although four months away plans are already well matured for Kentucky's Second Annual State Fair to be held this year on the splendid fair grounds at Owensboro, September 21st to 25th.

A contract has already been signed for Burkamp's Band of forty pieces to play during the entire week. Popular concerts are to be given each day, the band being of such a character as to make these concerts among the most attractive features of the week. During the next week or two, the management of the fair will be enabled to announce the series of high class and novel amusements which will be furnished while the fair lasts. The attractions will be different from those ever before offered the patrons of a big State fair in this part of the United States.

So important is the fair considered by the railroads that they have already announced a half fare rate from all points in Kentucky, as well as special rates from Tennessee and Southern Indiana.

The fair is expected to be bigger and better this year than ever before. Premiums aggregating \$20,000 will be awarded, and in some cases the premiums will be larger than those offered by any other State fair in the country. This is notably so in the Jersey rings, where \$300 will be awarded the winners. The association has also set aside \$2,000 for the Shorthorn classes, more money than is awarded at any other State fair except Minnesota. Of this purse \$500 will be awarded to Kentucky cattle alone.

The handsome catalogues just issued, 15,000 of them show the important premiums to be as follows:

Beef Cattle—Shorthorns \$2,000, of which \$1,000 is given by the Shorthorn Association; Herefords \$1,200, of which

\$500 is given by the Hereford Association; Aberdeen Angus \$900, of which \$300 is given by the Aberdeen Angus Association; Polled Durhams \$650, of which \$300 is given by the Polled Durham Association; Galloways \$300; Red Polls \$150. Dairy Cattle—Jerseys \$800; Holstein Friesians \$250; Ayrshires \$250; Guernsey \$250.

Swine—Berkshires \$300; Poland Chinas \$300; Duroc Jerseys \$250; Chester Whites \$200; Tanworths \$150.

Sheep—Shropshires \$150; Southdowns \$150; Oxford Downs \$150; Hampshire-downs \$150; Cotswolds \$150; Dorsets \$100; American Merinos \$100; Rambouillets \$100; Cheviots \$100.

For the following classes of horses, premiums of \$1,500, nearly 25 per cent. of the total premium fund are offered:

Light Horses—Light harness horses, roadsters, carriage horses, gaited saddle horses, high steppers and ponies.

Heavy Horses—French draft, Percheron, French and German coach, Cleveland bays, Hackney and American coach.

Premiums of \$800 are offered for mules and jacks. At the State Fair which was held in Louisville last fall, the breeders of mules and jacks organized a State Association and the association will look to the success of the exhibit this year. Mules and jacks have not been properly recognized in the State fairs heretofore, and it is the intention to give them their proper places in the coming exhibitions.

Unusually handsome premiums are offered for garden and farm products and the work of the women in the kitchen and sewing room.

Catalogues can be had by addressing, L. B. Shropshire, Sec., room 25, Board of Trade, Louisville, Ky.

If you will assist us in making our June business equal our month of May you will reap the benefit of buying the best of merchandise at as low if not lower prices than you would pay for goods that are not "in it" with ours. If you intend buying one of our genuine Panama Hats don't delay. They are fast going out and we cannot get more this season, in fact the last five dozen we got through special favor shown us by the factory that made them for us.

Notwithstanding it was prophesied by other Maysville shoe merchants that we would tire of advertising, "Money back or another pair if the pair you buy of us prove unsatisfactory," we continue and always will sell our Shoes with above guarantee. There are two reasons why we do so. First, we buy the best Shoes in the world and sell them at legitimate prices. Second, we don't want anybody's money without giving value for it. Men's and Boys' Shoes only. W. L. Douglas and Hanan & Son are our brands.

THE MARKETS.

Review of Trade in Live Stock and Leaf Tobacco at Cincinnati the Past Week.

Cattle—There has been a fairly steady to firm market with moderate offerings and fair demand. Good shipping cattle average about 5c. higher than a week ago, choice butchers the same to 10c. higher, and fair to medium grades of butchers 5@15c. higher. Western markets generally have shown a steadier tone during the past few days.

Hogs—The market had a weak and declining tendency until the lowest prices were reached on Monday, when best hogs sold at \$5.85@5.90 and lights at \$6.60@6.80. Since then the market has become more active with a good demand with advances each day, so that select grades are now bringing \$6.20@6.25 and good light at \$5.85@6. The receipts are moderate and the demand mostly local.

Sheep—The market has made no material change during the past week, each day's market being about steady, although extra grade sell 10 @15c. higher than a week ago. Lambs were firm early, but have become easier the past few days, and are now 15@20c. lower than a week ago. Receipts have been just fair.

Tobacco—The past week has been an almost featureless one in the local leaf tobacco market so far as prices and realizations are concerned. The averages, as shown below, would seemingly indicate a lower range of values, as compared with last week, but this is explained in the fact that the offerings were of a somewhat inferior quality, especially in the new tobaccos. A very large proportion of the new tobaccos offered during the week were of the low and inferior grades under 5 cents, and mixed trashes and common lugs from 6 to 7 cents. The market for these sorts opened weak and irregular, but rallied on Wednesday and Thursday and closed strong yesterday, the improvement in the last two sales days being largely due to the better condition of the offerings. The better grades, good medium and fine to fancy leaf were uniformly strong throughout the week, about 140 hhds. selling at prices ranging from 8 to 13 1/4 cents. Offerings of old tobaccos decreased over 50 per cent. as compared with last week, while the general quality, except on Friday, was not so good. This decrease in the offerings is not, however, to be taken as an indication of a poor or unsatisfactory market, for such is not the case. As a matter of fact the heavy sales of old for several weeks cut heavily into the stocks on hand, and from the most reliable information there is at the present time less than 1,300 hhds. of this crop in warehouses here, and very little to come forward, so that the remnants of the crop will soon be entirely off the market.

ALL KINDS OF

FIRE

With a good Gas Range you can cook your soup over a slow fire, which it needs, and your roast over a quick fire, and both at the same time. How can you do this anyother way than with a GAS RANGE?

Gas Ranges At Factory Cost Price!

Never was such another opportunity afforded you to obtain so much value for the same money. During the month of June the Gas Company will, if so desired, make a written agreement with any purchaser of a Gas Range to the effect, that, if on the first day of August, said purchaser shall have become dissatisfied with the use of their Range, either for the reason that it will not do the work as represented, or that it costs too much to operate, then the Gas Company will take back the stove and refund any money paid upon its purchase price. The only thing to prevent you taking advantage of this offer is that the Ranges are sold quicker than they can be connected up, so if you are thinking of buying one, now is the time to decide. Over twenty installed during May and not a single complaint. For further particulars see the Gas Company and sample Ranges at Langfels & Co.'s.
